Art of Nourishment is a dinner series held every 3 months inside Organic Orbit. We come together in collaboration and feature a Key Speaker, Agricultural Grower, and Special Guest in celebration of nourishment. With 50 years of a magic bullet approach in our world we have lost our connection to what feeds us. We have become disconnected from our true nature. In celebrating the Art of Nourishment we collaborate on a new path in returning to an organic world.

ORGANICORBIT
eco-fine dining

“the unofficial
godfather of a
growing cultural
shift toward
slowing down.”
